

“Marking your Bible really forces you to slow down and properly take in what it is you are reading and who, where and when things are happening. Before I would just read a passage of the Bible in a couple of minutes and it would have washed over my head, but now it takes much longer and really sticks and makes itself understood.”

Precept Ministries UK is a ministry that equips all ages to study God’s Word, and our purpose is to see people living according to the truth - the Bible. If you’re struggling with the idea of quiet times, you don’t really feel you know God or you just love the Bible and want to study more, then maybe Precept Youth can help you!

“We found it really interesting, because it was simple to do for everyone, and helped us understand the passage and relate it to our lives. We learnt a lot over the week, mainly due to this Bible study, and we would recommend it to everyone. Thank you so much for everything you’ve helped us with and taught us. We will continue to use this method in our own church.”

This new study, 'Spending time with God', is all about understanding what the Bible has to say about just that, spending time with God; why we should do it, what it can do for us and how it draws us into a personal relationship with God. It works well as a study done on your own but can also be done in a group setting too. Why not get some mates together and discover for yourself what God wants to say to you?

COMING SOON in the study series!

Bitesize Jesus!
